

Lockdown Life

We can't go out on lockdown,
We can't meet up and go into town.
This life is boring, there's nothing to do,
But the reason for this is to protect me and you.

We stay at home to help the NHS,
In return for this they clean up this mess.
We show support with a lovely rainbow
They are all around the world even in new mexico

Our world today is forced to rest
This is to keep our home at its best.
We all want to give up
But we should just keep our heads up!

We all want lockdown to end,
So we can go see our families on a weekend,
When this is all done
We can get back to having fun!
